Get the Most Out of Your Outdoor Audio!

The **AW-IMP100WV-B** is a 100 watt outdoor surface-mount volume control with enclosure (flush-mount version also available - **AW-IMP100WV**).

This Impedance-matching volume control can be configured to maintain a safe system load when multiple controls and speakers are connected.

These controls utilize autoformers to efficiently transfer the power from amplifier to speaker. Ideal for use with outdoor landscape speakers.

Related Products

The **RS-62** is a 6" 2-way High-Performance Dual-Channel Rock Speaker with a weatherproof design.

The **RS-8** is a 8" 2-way High-Performance Single-Channel Rock Speaker with a weatherproof design.
