### Get the Most Out of Your Outdoor Audio!

The **AW-IMP100WV-B** is a 100 watt outdoor surface-mount volume control with enclosure (flush-mount version also available - **AW-IMP100WV**). This Impedance-matching volume control can be configured to maintain a safe system load when multiple controls and speakers are connected. These controls utilize autoformers to efficiently transfer the power from amplifier to speaker. Ideal for use with outdoor landscape speakers.
